# **pagerduty-api Documentation**

***Release 0.3***

**Micah Hausler**

**Aug 30, 2023**

---

## Contents

---

<b>1</b>	<b>Why?</b>	<b>3</b>
<b>2</b>	<b>Installation</b>	<b>5</b>
<b>3</b>	<b>Requirements</b>	<b>7</b>

pagerduty-api is a package for easily interacting with PagerDuty's API.

# CHAPTER 1

---

Why?

---

There are several other libraries interacting with the PagerDuty API, however none of them include tests and documentation.

## CHAPTER 2

---

### Installation

---

To install the latest release, type:

```
pip install pagerduty-api
```

To install the latest code directly from source, type:

```
pip install git+git://github.com/ambitioninc/pagerduty-api.git
```

## CHAPTER 3

---

### Requirements

---

- Python 2.7, 3.3, 3.4
- requests  $\geq$  2.0.0
